Western Canada's Trusted Metal Supplier

## ENGINEERED MATERIALS FOR MACHINE SHOPS AND MANUFACTURING

### Alloy Steel

4140, 4320, 4340, 8620, 9310, 4130,  
4145, 4330, 4150, E52100

### Aluminum

6061 T6, 7075 T6, 2024 T6, 2011 T3

### Carbon Steel

1018, 1026, 1045, 12L14, A36, 1008/10,  
1117, 1144, 1050, 1215

### Stainless Steel

303, 304, 316, 416, 17-4, 301, 310, 321,  
347, 410, 420, 440C, 15-5

### Specialty Metals & Plastics

Nickel alloys, titanium, brass, bronze,  
copper, UHMW, PTFE, PEEK, and more

### Available Shapes

Round, flat, square, tube, plate, and  
custom profiles

**FAST.  
RELIABLE.  
LOCAL.**

### Next-Day Service

Minimize downtime and boost  
spindle hours.

### Custom Packaging

Safer handling, less damage,  
better delivery.

### Local Expertise

Quick answers, trusted support,  
fast turnaround.

### Quality Assurance

A legacy of providing top-quality  
materials and reliable service  
since 1892.

### Warehouse Safety

Well-equipped facilities to handle  
heavy materials with ease.

**CUTTING  
CAPABILITIES  
SPOTLIGHT**

### Plate Saw

Precision cuts up to 6" thick with  
minimal waste. Tolerance +/- .032"  
(can push to +/- .005" upon  
request).

### Tsune Cold Saw

High-speed cutting for diameters  
from 2" to 8" with standard  
tolerance +/- .030" (up to +/-  
.005" for precision).

### Band Saw

Cuts diameters from 0.5" to 21"  
with accuracy and flexibility for  
various materials.

### External Processing

Custom waterjet cutting, and  
production of circles and rings to  
meet specific project requirements.

## OUR MATERIALS

### Full Line Supplier of Alloy Steel SBQ Bar / Tube Products

Stocked from 3/8" to 26.5" diameter.

Grades: 4140, 4320, 4340, 8620, 9310 in stock.

4130, 4145, 4330, 4150, E52100 available with a short lead time

Hot rolled, Cold finished, Forged, Peeled and Turned ground and polished.

Available in round, flat, square, tube and plate.

### Largest Full Line Supplier of Aluminum Bar, Tube and Plate Products in Western Canada

Plate stocked from .25" thick to 6" thick.

Grades: 6061 T6, 7075 T6, 2024 T6, 2011 T3.

Can custom source profiles and shapes to order.

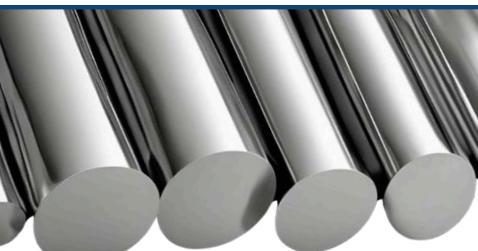

Available in round, flat, square, tube, custom shapes and plate.

### Full Line Supplier of Carbon Steel SQB Bar/ Tube

Products Stocked from 1" to 26.5" diameter. Grades 1018, 1026, 1045, 12L14 CPO and IHCP in stock. Grades A36, 1008/10, 1117, 11L17, 1144 (stressproof), 1050, 1215, Hot rolled, Cold finished, Forged, Peeled and Precision Shafting.

Available in round, flat, square, tube and plate.

### Full Line Supplier of Stainless Steel Bar Products

Plate stocked from 3/16" thick to 4" thick.

Bar stocked from 1/8" diameter to 16" diameter.

Grades 303, 304, 316, 416, 17-4 in stock.

Grades 301, 310, 321, 347, 410, 420, 440C, 15-5 available with a short lead time.

### We Will Source Anything

Nickel (C276, A286, Monel, Hastalloy, Inconel), Titanium (grade 2 CP, grade 5 6AL4V), Brass, Bronze, Copper, Plastic (Acetyl, Delrin, Micarta (including G10) PEEK, UHMW, Teflon PTFE, Torlon, Ultem)
